

Watermain flushing starts October 23 in the Dewdney/Town Centre neighbourhood

The City of Port Moody is performing uni-directional watermain cleaning in the area shown on the map starting **Monday, October 22, 2017**. You may experience temporary discolouration, pressure fluctuations and sediment in the water reaching your home or business. If this happens, run cold water in the bath tub until it clears up. These conditions should only happen for a short time and do not pose a health hazard. City staff will try to minimize any inconvenience. For more information, call Operations at 604.469.4574.
